

Part 6

Practice Standards

58-76-601 Seal -- Design and implementation.

Every professional geologist shall have a seal, the design and implementation of which shall be established by rule by the division in collaboration with the board.

Enacted by Chapter 218, 2002 General Session

58-76-602 Geologic maps, cross-sections, reports, and documents to be sealed.

- (1) Any final geologic map, cross-section, or report prepared in this state shall bear the seal of a professional geologist licensed under this chapter, except as provided in Section 58-76-304.
- (2) Any final geologic map, cross-section, sketch, drawing, plan, or report prepared by, or under the supervision of, a professional geologist shall bear the seal of the professional geologist when submitted to a client or when filed with public authorities, even if the practice is exempt from licensure under Section 58-76-304.

Enacted by Chapter 218, 2002 General Session

58-76-603 Seal -- Authorized use.

A professional geologist may only affix the licensee's seal to a geologic map, cross-section, sketch, drawing, plan, or report if the geologic map, cross-section, sketch, drawing, plan, or report:

- (1) was personally prepared by the licensee;
- (2) was prepared by an employee, subordinate, associate, or drafter under the supervision of a licensee, provided the licensee or a principal affixing his seal assumes responsibility;
- (3) was prepared by a licensed professional geologist in this state or any other state provided:
 - (a) the licensee in this state affixing the seal performs a thorough review of all work for compliance with all applicable laws and rules and the standards of the profession; and
 - (b) makes any necessary corrections before submitting the final plan, specification, or report:
 - (i) to a public authority; or
 - (ii) to a client who has contracted with a professional geologist for the geologic map, cross-section, or report to be complete and final;
- (4) was prepared in part by a licensed professional geologist in this state or any other state provided:
 - (a) the licensee in this state clearly identifies that portion of the geologic map, cross-section, or report for which the licensee is responsible;
 - (b) the licensee in this state affixing the seal performs a thorough review of that portion of the geologic map, cross-section, or report for which the licensee is responsible for compliance with the standards of the profession; and
 - (c) makes any necessary corrections before submitting the final geologic map, cross-section, or report for which the licensee is responsible:
 - (i) to a public authority; or
 - (ii) to a client who has contracted with a professional geologist for the geologic map, cross-section, or report to be complete and final;
- (5) was prepared by a person exempt from licensure as a professional geologist provided that:
 - (a) the licensee in this state affixing the seal performs a thorough review for compliance with all applicable laws and rules and the standards of the profession; and

- (b) makes any necessary corrections before submitting the final geologic map, cross-section, or report:
 - (i) to a public authority; or
 - (ii) to a client who has contracted with a professional geologist for the geologic map, cross-section, or report to be complete and final; or
- (6) meets any additional requirements established by rule by the division in collaboration with the board.
